## The Bully<sup>®</sup> SCOOP SHOVEL

**Super Durable • Light Weight  
Aluminum Alloy Scoop Shovel**

**5 Times Stronger & More Flexible  
More Wear-Resistant (.105 Thickness)**

### The Bully Features:

- Over 1 year in testing & development
- Back-saving handle design
- Limited lifetime warranty
- Made in Lancaster County, PA, USA

**The flex test** was done in a machine shop on a mechanical metal press. Each shovel was forced to “flex” under 725 lbs. of pressure from its normal form onto a 4” opening repeatedly until a crack developed in the shovel. The number of times the shovel “flexed”

before developing a crack was recorded. The process was then continued until the shovel reached total failure (the crack grew until the shovel was useless). This point was recorded as well.

**5X MORE FLEXIBLE THAN OTHER NATIONAL BRANDS!\***

**THE BULLY**

**OTHERS**

\*Using 725 lb. compression test

- At a 4” opening, the Bully Scoop shovel went 7,200 repetitions, before a crack developed.
- The national brand leader of scoop shovels cracked at only 1300 repetitions.
- The Bully Scoop was 5 times more flexible than any of the national brands.
- There is no shovel close to this quality on the market today.
- The Bully Scoop has 8 times more edge wear with stainless steel wear strip.
- The practically indestructible poly D-grip handle is made of a similar material used to make car bumpers.

Patent Pending

**Indestructible Poly D-Grip Handle  
with Car-Bumper Strength**

### 14x30 Bully Scoop Shovel

Mfg. #21430

Weight 4.14 lbs

UPC #7-49644-21430-4

Length 48.5"

Width 15"

### 14x36 Bully Scoop Shovel

Mfg. #21436

Weight 5.01 lbs

UPC #7-49644-21436-6

Length 52.5"
